Luxembourg, 19 October 2026,

NOTICE TO SHAREHOLDERS **of the sub-fund Amundi MSCI Japan SRI Climate Paris Aligned** **(the “Sub-Fund”)**

Dear Shareholders,

The board of directors of the Company (the “**Board**”) hereby informs the shareholders of the Sub-Fund that the index administrator MSCI Limited has decided to modify the methodology of the Sub-Fund’s index, being the “MSCI Japan SRI Filtered PAB Index” (the “**Index**”).

As a consequence, the Sub-Fund’s pre-contractual disclosures will be amended (the “**Modification**”) in order to reflect the latest evolution of the Index’s methodology (the “**Update**”), effective since the August 2026 Index review, which occurred on 28 August 2026, as further described in the below table:

Before the Update	After the Update
<i>What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?</i> (...) The methodology aims to include the securities of companies with the highest ESG ratings making up 25% of the market capitalization in each Global Industry Classification Standard (GICS) sector of the Parent Index. Securities are ranked based on the following criteria (in order): - MSCI ESG Rating, - current index membership (existing constituents are preferred over non-constituents), - industry adjusted ESG scores, and - decreasing free float-adjusted market capitalization. (...) <i>What are the binding elements of the investment strategy used to select the investments to attain each of the environmental or social characteristics promoted by this financial product?</i> (...)	<i>What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?</i> (...) The methodology aims to include the securities of companies with the highest ESG ratings making up 50% of the market capitalization in each Global Industry Classification Standard (GICS) sector of the Parent Index. Securities are ranked based on the following criteria (in order): - MSCI ESG Rating, - current index membership (existing constituents are preferred over non-constituents), - industry adjusted ESG scores, and - decreasing free float-adjusted market capitalization. (...) <i>What are the binding elements of the investment strategy used to select the investments to attain each of the environmental or social characteristics promoted by this financial product?</i> (...)

The Modification do not represent a change to the investment objective, nor a material change to the investment policy of the Sub-Fund. There is no change to the minimum proportion of sustainable investments of the Sub-Fund. The other characteristics of the Sub-Fund remain unchanged.

This Update will be reflected in the Prospectus at the next opportunity.

The updated Prospectus will be made available by the Management Company upon request and on the following website: www.amundi.com and www.amundi-etf.com on or around the date of the next Prospectus.

Yours sincerely,

The Board
